

LEARN ABOUT TNVR – HUMANE COMMUNITY CAT MANAGEMENT

Join us **Saturday, September 21, 2019** at the **South River Public Library**

Learn about **Trap, Neuter, Vaccinate, Return (TNVR)**

Trap, Neuter, Vaccinate, Return (TNVR) is a non-lethal approach to community cat management. With proper implementation **TNVR** can effectively decrease community cat numbers by reducing the number of unwanted litters being born outside thereby reducing overpopulation!

Learn all about caring for feral cats including identification, trapping, returning to field and managing a colony.

Class and instruction presented by
People for Animals Spay/Neuter Clinic
and South River Board of Health

- Learn about feral cats, their history and behavior.
- Learn the best practices for conducting humane trapping and pre and post spay/neuter surgery care.
- Practice using a box trap and divider for trapping and safe in trap care.
- Learn the basics of caring for community cats.
- Learn how to build good relationships with neighbors through the **TNVR** process and how to help community cats be good neighbors.

Class to be held at the **South River Public Library Saturday, September 21, 2019**

11:30 am to 1:30 pm

Please RSVP by September 13, 2019 - 732 710-6198

A small donation of \$5.00 per person to People for Animals is appreciated but not required.
