

DURABLE MEDICAL EQUIPMENT AVAILABLE

The Office on Aging maintains a small supply of durable medical equipment, which is frequently donated in new or like-new condition.

Canes, walkers, shower chairs & transfer wheelchairs are made available to members who require an assistive device on a temporary basis following a surgical procedure, or are unable to purchase what they need for themselves due to significant financial constraints.

**Stop by the Office on Aging
or call (732) 257-2340
for more information**
