Administrator gave a 2010 Budget Presentation. It was the same one shown at the Mayor and Council meeting last month.

John frost asked if the leaves go to the County, A. Salerno to check with George Lyons. He asked about the possibility of using the “paper-bag” system that other Towns use.

A. Salerno explained the water utility and the possible strategies for the future.

Minutes of the last meeting, 10-22-2009 were reviewed and filed.

The Construction report for 2009 was reviewed. It was also discussed the bringing back of the building department and not trying to use 3rd parties.

A. Salerno that he checked if the sewer was to be kept separate the residents would have an average sewer bill of about \$161.63. He also stated that water and sewer have to be kept separate not combined.

A. Salerno stated that the electric is doing well – purchase wise. Next step would be to pass on the savings to the residents.

The Electric Audit Report is due back in June. This should give the Borough a clearer view on the electric utility.

John Frost stated that he is concerned about the Master Plan. He would like all to be involved and to come up with one plan.

Meeting was adjourned at 7:30 pm. Next meeting May 27, 2010.

Respectfully submitted,

Debra A. Jones
Executive Assistant
