EXECUTIVE SESSION

ADJOURNMENT

ORDINANCE 2013-7

**AN ORDINANCE TO AMEND THE CODE OF THE BOROUGH OF SOUTH RIVER,
CHAPTER 155 ENTITLED "FEES", BY AMENDING
SECTION 155-10.7 "MISCELLANEOUS LICENSES AND FEES"**

WHEREAS, the governing body has established a schedule of miscellaneous Licenses and Fees in the Code of the Borough of South River under Chapter 155, Sec. 155-10.7; and

WHEREAS, the governing body incurs and expense for each transaction made by credit and debit cards; and

WHEREAS, the governing body does not want all Borough residents to incur this transaction expense; and

WHEREAS, it has been requested that same be amended to reflect a fee for credit card and debit card charges made to the Borough of South River, and

NOW, THEREFORE BE IT ORDAINED AND ENACTED, by the Mayor and Borough Council of the Borough of South River, that Ordinance 155-10.7 entitled "Miscellaneous Licenses and Fees" be amended as follows:

SECTION I. ADDITION:

A three percent (3%) fee will be charged on all payments made by credit card and or debit card to the Borough of South River, exclusive of any payments to the Municipal Court.

SECTION II. The various parts, sections, clauses of this Ordinance are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of the Ordinance shall not be affected thereby.

SECTION III. Any ordinances and parts thereof in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

SECTION IV. This Ordinance shall take effect upon final adoption and publication as may be required by law.

Dated:

JOHN M. KRENZEL MAYOR

ATTEST:

PATRICIA O'CONNOR, Registered Municipal Clerk

ORDINANCE 2013-8

AN ORDINANCE TO AMEND THE CODE OF THE BOROUGH OF SOUTH RIVER, CHAPTER 174 ENTITLED "FLOOD DAMAGE PREVENTION" BY DELETING EXISTING CHAPTER 174 AND SUBSTITUTING A NEW CHAPTER 174 ENTITLED "FLOOD DAMAGE PREVENTION"

NOW THEREFORE BE IT ORDAINED by the Mayor and Council of the Borough of South River that Chapter 174 of the Code of the Borough of South River entitled "Flood Damage Prevention" be amended by deleting existing Chapter 174 and substituting a new Chapter 174 thereof:

SECTION 1.

**CHAPTER 174
FLOOD DAMAGE PREVENTION**

ARTICLE I

STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE AND OBJECTIVES

1.1 STATUTORY AUTHORIZATION

The Legislature of the State of New Jersey has in N.J.S.A. 40:48-1, et seq., delegated the responsibility to local governmental units to adopt regulations designed to promote public health, safety, and general welfare of its citizenry. Therefore, the Mayor and Council of the Borough of South River of Middlesex County, New Jersey does ordain as follows:

1.2 FINDINGS OF FACT

- [1] The flood hazard areas of the Borough of South River of Middlesex County are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety, and general welfare.
- [2] These flood losses are caused by the cumulative effect of obstructions in areas of special flood hazard which increase flood heights and velocities, and when inadequately anchored, causes damage in other areas. Uses that are inadequately flood proofed, elevated or otherwise protected from flood damage also contribute to the flood loss.

1.3 STATEMENT OF PURPOSE

It is the purpose of this ordinance to promote the public health, safety, and general welfare, and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- [1] Protect human life and health;
 - [2] Minimize expenditure of public money for costly flood control projects;
 - [3] Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
 - [4] Minimize prolonged business interruptions;
 - [5] Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets, bridges located in areas of special flood hazard;
 - [6] Help maintain a stable tax base by providing for the second use and development of areas of special flood hazard so as to minimize future flood blight areas;
 - [7] Ensure that potential buyers are notified that property is in an area of special flood hazard;
- and

[8] Ensure that those who occupy the areas of special flood hazard assume responsibility for their actions.

1.4 METHODS OF REDUCING FLOOD LOSSES

In order to accomplish its purposes, this ordinance includes methods and provisions for:

- [1] Restricting or prohibiting uses which are dangerous to health, safety, and property due to water or erosion hazards, or which result in damaging increases in erosion or in flood heights or velocities;
- [2] Requiring that uses vulnerable to floods including facilities which serve such uses, be protected against flood damage at the time of initial construction;
- [3] Controlling the alteration of natural floodplains, stream channels, and natural protective barriers, which help accommodate or channel flood waters;
- [4] Controlling filling, grading, dredging, and other development which may increase flood damage; and,
- [5] Preventing or regulating the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards in other areas.

ARTICLE II DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

Advisory Base Flood Elevation (ABFE) —The elevation shown on a community's Advisory Flood Hazard Map that indicates the advisory stillwater elevation plus wave effect (ABFE = SWEL + wave effect) resulting from a flood that has a 1-percent or greater chance of being equaled or exceeded in any given year.

Advisory Flood Hazard Area (AFHA) —The land in the floodplain within a community subject to flooding from the 1% annual chance event depicted on the Advisory Flood Hazard Map.

Advisory Flood Hazard Map - The official map on which the Federal Emergency Management Administration has delineated the areas of advisory flood hazards applicable to the community.

Appeal — A request for a review of the Construction Code Official's interpretation of any provision of this ordinance or a request for a variance.

Area of Shallow Flooding — A designated AO, AH, or VO zone on a community's Digital Flood Insurance Rate Map (DFIRM) with a one percent annual or greater chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

Area of Special Flood Hazard — The land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year.

Base Flood — The flood having a one percent chance of being equaled or exceeded in any given year.

Basement — Any area of the building having its floor subgrade (below ground level) on all sides.

Breakaway Wall — A wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or supporting foundation system.

Coastal High Hazard Area — An area of special flood hazard extending from offshore to the inland limit of a primary frontal dune along an open coast and any other area subject to high velocity wave action from storms or seismic sources.

Development — Any man made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations, or storage of equipment or materials located within the area of special flood hazard.

Digital Flood Insurance Rate Map (DFIRM) — The official map on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

Elevated Building — A non-basement building (i) built, in the case of a building in an Area of Special Flood Hazard, to have the top of the elevated floor or, in the case of a building in a Coastal High-Hazard Area, to have the bottom of the lowest horizontal structural member of the elevated floor, elevated above the base flood elevation by means of piling, columns (posts and piers), or shear walls parallel to the flow of the water, and (ii) adequately anchored so as not to impair the structural integrity of the building during a flood up to the magnitude of the base flood. In an Area of Special Flood Hazard "elevated building" also includes a building elevated by means of fill or solid foundation perimeter walls with openings sufficient to facilitate the unimpeded movement of flood waters. In Areas of Coastal High Hazard "elevated buildings" also includes a building otherwise meeting the definition of "elevated building" even though the lower area is enclosed by means of breakaway walls.

Erosion — The process of the gradual wearing away of land masses.

Flood or Flooding — A general and temporary condition of partial or complete inundation of normally dry land areas from:

- [1] The overflow of inland or tidal waters and/or
- [2] The unusual and rapid accumulation or runoff of surface waters from any source.

Flood Insurance Rate Map (FIRM) — The official map on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

Flood Insurance Study (FIS) — The official report in which the Federal Insurance Administration has provided flood profiles, as well as the Flood Insurance Rate Map(s) and the water surface elevation of the base flood.

Floodplain Management Regulations — Zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a floodplain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term

describes such State or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

Floodway — The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than 0.2 foot.

Highest Adjacent Grade — The highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Historic Structure — Any structure that is:

- [a] Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
- [b] Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
- [c] Individually listed on a State inventory of historic places in States with historic preservation programs which have been approved by the Secretary of the Interior; or
- [d] Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
 - (1) By an approved State program as determined by the Secretary of the Interior; or
 - (2) Directly by the Secretary of the Interior in States without approved programs.

Lowest Floor — The lowest floor of the lowest enclosed area [including basement]. An unfinished or flood resistant enclosure, useable solely for the parking of vehicles, building access or storage in an area other than a basement is not considered a building's lowest floor provided that such enclosure is not built so to render the structure in violation of other applicable non-elevation design requirements.

Manufactured Home — A structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

Manufactured Home Park or Manufactured Home Subdivision — A parcel (or contiguous parcels) of land divided into two (2) or more manufactured home lots for rent or sale.

New Construction — Structures for which the start of construction commenced on or after the effective date of a floodplain regulation adopted by a community and includes any subsequent improvements to such structures.

New Manufactured Home Park or Subdivision — A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of the floodplain management regulations adopted by the municipality.

Primary Frontal Dune — A continuous or nearly continuous mound or ridge of sand with relatively steep seaward and landward slopes immediately landward and adjacent to the beach

and subject to erosion and overtopping from high tides and waves from coastal storms. The inland limit of the primary frontal dune occurs at the point where there is a distinct change from the relatively steep slope to a relatively mild slope.

Recreational Vehicle — A vehicle which is [i] built on a single chassis; [ii] 400 square feet or less when measured at the longest horizontal projections; [iii] designed to be self-propelled or permanently towable by a light duty truck; and [iv] designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Sand Dunes — Naturally occurring accumulations of sand in ridges or mounds landward of the beach.

Start of Construction — For other than new construction or substantial improvements under the Coastal Barrier Resources Act (P.L. No. 97-348) includes substantial improvements and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site such as the pouring of a slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation, or the placement of a manufactured home on a foundation.

Permanent construction does not include land preparation, such as clearing, grading and filling nor does it include the installation of streets and/or walkways, nor does it include excavation for a basement, footings or piers, or foundations or the erection of temporary forms, nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure — A walled and roofed building, a manufactured home, or a gas or liquid storage tank that is principally above ground.

Substantial Damage — Damage of any origin sustained by a structure whereby the cost of restoring the structure to its condition before damage would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Substantial Improvement — Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before the "start of construction" of the improvement. This term includes structures which have incurred "substantial damage", regardless of the actual repair work performed. The term does not, however, include either:

- [1] Any project for improvement of a structure to correct existing violations of State or local health, sanitary or safety code specifications which have been identified by the local code enforcement officer and which are the minimum necessary to assure safe living conditions; or
- [2] Any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure".

Variance — A grant of relief from the requirements of this ordinance that permits construction in a manner that would otherwise be prohibited by this ordinance.

ARTICLE III GENERAL PROVISIONS

3.1 LANDS TO WHICH THIS ORDINANCE APPLIES

This ordinance shall apply to all areas of special flood hazards within the jurisdiction of the Borough of South River of Middlesex County, New Jersey.

3.2 BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD

The areas of special flood hazard for the Borough of South River of Middlesex County Community No. 340280 are identified and defined on the following documents prepared by the Federal Emergency Management Agency:

- a) A scientific and engineering report “Flood Insurance Study, Middlesex County, New Jersey (All Jurisdictions)” dated July 6, 2010.
- b) Flood Insurance Rate Map for Middlesex County, New Jersey (All Jurisdictions) as shown on Index and panel(s), 34023C0134F, 34023C142F, 34023C0153F, and 34023C0161F, whose effective date is July 6, 2010.
- c) Advisory Base Flood Elevations and Advisory Flood Hazard Maps New Brunswick NE, South Amboy NW and South Amboy SW, dated December 7, 2012). These documents shall take precedence over previous panels and FIS in construction and development regulations only. Where the Special Flood Hazard Area (SFHA) and the Advisory Flood Hazard Area (AFHA) maps conflict or overlap, whichever imposes the more stringent requirement shall prevail.

The above documents are hereby adopted and declared to be a part of this ordinance. The Flood Insurance Study, maps and advisory documents are on file at 48 Washington Street, South River NJ 08882.

3.3 PENALTIES FOR NONCOMPLIANCE

No structure or land shall hereafter be constructed, located, extended, converted, or altered without full compliance with the terms of this ordinance and other applicable regulations. Violation of the provisions of this ordinance by failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with conditions) shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall upon conviction thereof be fined not more than as authorized in the Code of the Borough of South River or imprisoned for not more than those days as determined by a duly sworn Municipal Judge, or both, for each violation, and in addition shall pay all costs and expenses involved in the case. Nothing herein contained shall prevent the Borough of South River of Middlesex County from taking such other lawful action as is necessary to prevent or remedy any violation.

3.4 ABROGATION AND GREATER RESTRICTIONS

This ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance and other ordinance, easement, covenant, or deed restriction conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

3.5 INTERPRETATION

In the interpretation and application of this ordinance, all provisions shall be:

- [1] Considered as minimum requirements;
- [2] Liberally construed in favor of the governing body; and,
- [3] Deemed neither to limit nor repeal any other powers granted under State statutes.

3.6 WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur on rare occasions. Flood heights may be increased by man-made or natural causes. This ordinance does not imply that land outside the area of special flood hazards or uses permitted within such areas will be free from flooding or flood damages.

This ordinance shall not create liability on the part of the Borough of South River of Middlesex County, any officer or employee thereof or the Federal Insurance Administration, for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made thereunder.

ARTICLE IV ADMINISTRATION

4.1 ESTABLISHMENT OF DEVELOPMENT PERMIT

A Development Permit shall be obtained before construction or development begins, including placement of manufactured homes, within any area of special flood hazard established in SECTION 3.2. Application for a Development Permit shall be made on forms furnished by the Construction Code Official and may include, but not be limited to; plans in duplicate drawn to scale showing the nature, location, dimensions, and elevations of the area in question; existing or proposed structures, fill, storage of materials, drainage facilities; and the location of the foregoing. Specifically, the following information is required:

- [1] Elevation in relation to mean sea level, of the lowest floor (including basement) of all structures;
- [2] Elevation in relation to mean sea level to which any structure has been floodproofed.
- [3] Certification by a registered professional engineer or architect that the floodproofing methods for any nonresidential structure meet the floodproofing criteria in SECTION 5.2-2; and,
- [4] Description of the extent to which any watercourse will be altered or relocated as a result of proposed development.

4.2 DESIGNATION OF THE LOCAL ADMINISTRATOR

The Construction Code Official is hereby appointed to administer and implement this ordinance by granting or denying development permit applications in accordance with its provisions.

4.3 DUTIES AND RESPONSIBILITIES OF THE ADMINISTRATOR

Duties of the Construction Code Official shall include, but not be limited to:

4.3-1 PERMIT REVIEW

- [1] Review all development permits to determine that the permit requirements of this ordinance have been satisfied.

- [2] Review all development permits to determine that all necessary permits have been obtained from those Federal, State or local governmental agencies from which prior approval is required.
- [3] Review all development permits to determine if the proposed development is located in the floodway. If located in the floodway, assure that the encroachment provisions of 5.3 [1] are met.
- [4] Review all development permits in the coastal high hazard area of the area of special flood hazard to determine if the proposed development alters sand dunes so as to increase potential flood damage.
- [5] Review plans for walls to be used to enclose space below the base flood level in accordance with SECTION 5.4-2 [4].

4.3-2 USE OF OTHER BASE FLOOD AND FLOODWAY DATA

When base flood elevation and floodway data has not been provided in accordance with SECTION 3.2, BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD, the Construction Code Official shall obtain, review, and reasonably utilize any base flood elevation and floodway data available from a Federal, State or other source, in order to administer SECTIONS 5.2-1, SPECIFIC STANDARDS, RESIDENTIAL CONSTRUCTION, and 5.2-2, SPECIFIC STANDARDS, NONRESIDENTIAL CONSTRUCTION.

4.3-3 INFORMATION TO BE OBTAINED AND MAINTAINED

- [1] Obtain and record the actual elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and whether or not the structure contains a basement.
- [2] For all new or substantially improved floodproofed structures:
 - [i] verify and record the actual elevation (in relation to mean sea level); and
 - [ii] maintain the floodproofing certifications required in SECTION 4.1 [3].
- [3] In coastal high hazard areas, certification shall be obtained from a registered professional engineer or architect that the provisions of 5.4-2[1] and 5.4-2[2](i) and (ii) are met.
- [4] Maintain for public inspection all records pertaining to the provisions of this ordinance.

4.3-4 ALTERATION OF WATERCOURSES

- [1] Notify adjacent communities and the New Jersey Department of Environmental Protection, Dam Safety and Flood Control Section and the Land Use Regulation Program prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Insurance Administration.
- [2] Require that maintenance is provided within the altered or relocated portion of said watercourse so the flood carrying capacity is not diminished.

4.3-5 INTERPRETATION OF FIRM BOUNDARIES

Make interpretations where needed, as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions). The person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in section 4.4.

4.4 VARIANCE PROCEDURE

4.4-1 APPEAL BOARD

- [1] The Zoning Board as established by Mayor and Council shall hear and decide appeals and requests for variances from the requirements of this ordinance.
- [2] The Zoning Board shall hear and decide appeals when it is alleged there is an error in any requirement, decision, or determination made by the Construction Code Official in the enforcement or administration of this ordinance.
- [3] Those aggrieved by the decision of the, or any taxpayer, may appeal such decision to the Court of the Borough of South River NJ, or a court as appointed as determined by statute.
- [4] In passing upon such applications, the Zoning Board shall consider all technical evaluations, all relevant factors, standards specified in other sections of this ordinance, and:
 - (i) the danger that materials may be swept onto other lands to the injury of others;
 - (ii) the danger to life and property due to flooding or erosion damage;
 - (iii) the susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
 - (iv) the importance of the services provided by the proposed facility to the community;
 - (v) the necessity to the facility of a waterfront location, where applicable;
 - (vi) the availability of alternative locations for the proposed use which are not subject to flooding or erosion damage;
 - (vii) the compatibility of the proposed use with existing and anticipated development;
 - (viii) the relationship of the proposed use to the comprehensive plan and floodplain management program of that area;
 - (ix) the safety of access to the property in times of flood for ordinary and emergency vehicles;
 - (x) the expected heights, velocity, duration, rate of rise, and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site; and,
 - (xi) the costs of providing governmental services during and after flood conditions, including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems; and streets and bridges.
- [5] Upon consideration of the factors of SECTION 4.4-1 [4] and the purposes of this ordinance, the Zoning Board may attach such conditions to the granting of variances as it deems necessary to further the purposes of this ordinance.
- [6] The Construction Code Official shall maintain the records of all appeal actions, including technical information, and report any variances to the Federal Insurance Administration upon request.

4.4-2 CONDITIONS FOR VARIANCES

- [1] Generally, variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing items (i-xi) in SECTION 4.4-1[4] have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.
- [2] Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure

- [3] Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.
- [4] Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
- [5] Variances shall only be issued upon:
 - (i) A showing of good and sufficient cause;
 - (ii) A determination that failure to grant the variance would result in exceptional hardship to the applicant; and,
 - (iii) A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public as identified in SECTION 4.4-1[4], or conflict with existing local laws or ordinances.
- [6] Any applicant to whom a variance is granted shall be given written notice that the structure will be permitted to be built with a lowest floor elevation below the base flood elevation and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

ARTICLE V PROVISIONS FOR FLOOD HAZARD REDUCTION

5.1 GENERAL STANDARDS

In all areas of special flood hazards, compliance with the applicable requirements of the Uniform Construction Code (N.J.A.C. 5:23) and the following standards, whichever is more restrictive, is required:

5.1-1 ANCHORING

- [1] All new construction and substantial improvements shall be anchored to prevent flotation, collapse, or lateral movement of the structure.
- [2] All manufactured homes to be placed or substantially improved shall be anchored to resist flotation, collapse or lateral movement. Methods of anchoring may include, but are not to be limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces.

5.1-2 CONSTRUCTION MATERIALS AND METHODS

- [1] All new construction and substantial improvements shall be constructed with materials and utility equipment resistant to flood damage.
- [2] All new construction and substantial improvements shall be constructed using methods and practices that minimize flood damage.

5.1-3 UTILITIES

- [1] All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;
- [2] New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharge from the systems into flood waters;
- [3] On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding; and

- [4] For all new construction and substantial improvements the electrical, heating, ventilation, plumbing and air-conditioning equipment and other service facilities shall be designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

5.1-4 SUBDIVISION PROPOSALS

- [1] All subdivision proposals and other proposed new development shall be consistent with the need to minimize flood damage;
- [2] All subdivision proposals and other proposed new development shall have public utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize flood damage;
- [3] All subdivision proposals and other proposed new development shall have adequate drainage provided to reduce exposure to flood damage; and,
- [4] Base flood elevation data shall be provided for subdivision proposals and other proposed new development which contain at least fifty (50) lots or five (5) acres (whichever is less).

5.1-5 ENCLOSURE OPENINGS

All new construction and substantial improvements having fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two (2) openings having a total net area of not less than one (1) square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one (1) foot above grade. Openings may be equipped with screens, louvers, or other covering or devices provided that they permit the automatic entry and exit of floodwaters.

5.2 SPECIFIC STANDARDS

In all areas of special flood hazards where base flood elevation data have been provided as set forth in SECTION 3.2, BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD or in SECTION 4.3-2, USE OF OTHER BASE FLOOD DATA, the following standards are required:

5.2-1 RESIDENTIAL CONSTRUCTION

- [1] New construction and substantial improvement of any residential structure shall have the lowest floor, including basement together with the attendant utilities and sanitary facilities, elevated at or above the base flood elevation or advisory base flood elevation whichever is more restrictive, plus two feet;
- [2] Require within any AO zone on the municipality's FIRM that all new construction and substantial improvement of any residential structure shall have the lowest floor, including basement, elevated above the highest adjacent grade one foot above the depth number specified in feet (at least three feet if no depth number is specified) or at or above the advisory base flood elevation plus two feet, whichever is more restrictive. And, require adequate drainage paths around structures on slopes to guide floodwaters around and away from proposed structures.

5.2-2 NONRESIDENTIAL CONSTRUCTION

In an Area of Special Flood Hazard, all new construction and substantial improvement of any commercial, industrial or other nonresidential structure shall have the lowest floor, including basement together with the attendant utilities and sanitary facilities:

either

- [1] Elevated to or above the base flood elevation or advisory base flood elevation whichever is more restrictive, plus two feet, and
- [2] Require within any AO zone on the municipality's DFIRM that all new construction and substantial improvement of any commercial, industrial or other nonresidential structure shall have the lowest floor, including basement, elevated above the highest adjacent grade one foot above, the depth number specified in feet (at least three feet if no depth number is specified) or at or above the advisory base flood elevation plus one foot, whichever is more restrictive. And, require adequate drainage paths around structures on slopes to guide floodwaters around and away from proposed structures; or
- [3] Be flood proofed so that below the base flood level plus two feet, or advisory base flood elevation plus two feet, the structure is watertight with walls substantially impermeable to the passage of water;
- [4] Have structural components capable of resisting hydrostatic and hydrodynamic loads and effects of buoyancy; and,
- [5] Be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the applicable provisions of this subsection. Such certification shall be provided to the official as set forth in section 4.3-3 [2] [ii].

5.2-3 MANUFACTURED HOMES

- [1] Manufactured homes shall be anchored in accordance with SECTION 5.1-1 [2].
- [2] All manufactured homes to be placed or substantially improved within an area of special flood hazard shall be elevated on a permanent foundation such that the top of the lowest floor is at or above the base flood elevation or advisory base flood elevation, plus two feet. .

5.3 FLOODWAYS

Located within areas of special flood hazard established in section 3.2 are areas designated as floodways. Since the floodway is an extremely hazardous area due to the velocity of flood waters which carry debris, potential projectiles, and erosion potential, the following provisions apply:

- [1] Prohibit encroachments, including fill, new construction, substantial improvements, and other development unless a technical evaluation demonstrates that encroachment shall not result in any increase in flood levels during the occurrence of the base flood discharge.
- [2] If section 5.3[1] is satisfied, all new construction and substantial improvements must comply with section 5.0 PROVISIONS FOR FLOOD HAZARD REDUCTION.
- [3] In all areas of special flood hazard in which base flood elevation data has been provided and no floodway has been designated, the cumulative effect of any proposed development, when combined with all other existing and anticipated development, shall not increase the water surface elevation of the base flood more than two-tenths (0.2) of a foot at any point.

SECTION 2. If any section, paragraph, subdivision, clause of provision of this Ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph, subdivision, clause, or provision so adjudged and the remainder of the Ordinance shall be deemed valid and effective.

SECTION 3. All Ordinances or parts of Ordinances inconsistent with or in conflict with this Ordinance are hereby repealed to the extent of such inconsistency.

SECTION 4. This Ordinance shall take effect after final passage, adoption, and publication according to law.

RESOLUTION

WHEREAS, there exists a need for architectural services to assist the Borough of South River with repairs to the Human Services Building, located at 55 Reid Street, Block 90, Lot 8.1 in the Borough of South River; and

WHEREAS, Arcari and Iovino Architects, P.C. have submitted the attached proposal for the design, preparation of documents, bidding and construction phases for the Human Services Building, 55 Reid St. repair project at a cost of \$16,700.00; and

WHEREAS, services above and beyond the services outlined in said proposal will be provided on an hourly basis and printing and shipping costs will be billed to the Borough.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by the Mayor and Council of the Borough of South River, in the County of Middlesex, the State of New Jersey :

1. That Arcari and Iovino Architects, P.C. is hereby authorized to be retained to provide architectural services aforementioned above for the Human Services Building, 55 Reid Street repair project at a cost of \$16,700.00.
2. This contract is awarded without competitive bidding as a professional service under the provisions of the Local Public Contracts Law (N.J.S. 40A:11-5 (1) (1) since this contract is for services performed by a person authorized by law to practice a recognized profession and it was not possible to obtain competitive bidding.
3. Notice of this Professional Service contract shall be published in the official newspaper of the Borough of South River within ten (10) days of its passage

**RESOLUTION AUTHORIZING THE SALE OF CERTAIN
PROPERTY OWNED BY THE BOROUGH OF SOUTH RIVER,
MIDDLESEX COUNTY, NEW JERSEY AND NOT REQUIRED
FOR PUBLIC PURPOSES PURSUANT TO N.J.S.A. 40A: 12-13(a) ET SEQ.**

WHEREAS, the Local Lands and Buildings Law, N.J.S.A. 40A:12-13(a) authorizes the sale by municipalities of any real property, capital improvements or personal property, or interests therein, not needed for public use by open public sale at auction to the highest bidder after the required newspaper advertisements; and

WHEREAS, the Borough of South River is the owner of certain real property not needed for public use, and the Municipal Council has determined that it is in the best interest of the Borough to sell the property in an effort to put it back on the active tax rolls;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE BOROUGH OF SOUTH RIVER, County of Middlesex, State of New Jersey, that the property set forth in Exhibit "A" annexed hereto, shall be offered in accordance with N.J.S.A. 40A: 12-13(a), for the minimum bid price shown on Exhibit "A" as follows:

1. There shall be a public sale at auction on April 17, 2013, at 11:00 a.m., at the Municipal Offices of the Borough of South River, 48 Washington Street, South River, New Jersey, where property shall be offered to the highest bidder pursuant to N.J.S.A. 40A: 12-13(a) for the minimum price(s) shown on Exhibit "A" annexed hereto.

Said auction shall be in accordance with the terms and conditions set forth in the remainder of this Resolution. Notwithstanding anything to the contrary contained herein, including but not limited to situations where the highest bid exceeds the minimum bid as set forth in Exhibit A, the Borough of South River reserves the right to reject all bids.

2. The successful bidder shall be required to deposit ten (10%) percent of his or her bid with the Borough at the time of the auction. This deposit shall be made by a certified check, money order or cash in an amount equal to at least ten (10%) percent of the minimum price set by the Borough for the sale of the property as stated in Exhibit A. Should the bidding at auction increase the selling price to an amount greater than the minimum price, the Borough will accept ten (10%) percent of the difference between the selling price and the minimum price in the form of cash or personal check, dated the date of the bid. The combined form of deposit must equal ten (10%) percent of the total sale price. All monies so received will be credited to the total sale price.

3. Except as provided in paragraph 13 of this Resolution, the deposit made by the purchaser is non-refundable. The purchaser is not entitled to a refund of this deposit in any case except where the Borough is unable to convey marketable title. **The risk of loss is on the purchaser.**
4. All bidders must appear in person at the auction and upon becoming the successful bidder must present identifying credentials in compliance with the following:
 - a. A person bidding on behalf of a corporation, upon becoming the successful bidder, must present a copy of the Certificate of Incorporation and a letter of authorization from the corporation.
 - b. A person bidding on behalf of a partnership or using a trade name, upon becoming the successful bidder, must submit a copy of the Certificate of Trade Name (partnership) and a letter of authorization from the other partner(s).
 - c. No other bidder may submit a bid on behalf of another, except that a husband or wife may bid on behalf of both.
5. The successful bidder shall not sell or otherwise transfer title to the premises, or any part thereof, to a non-profit or non-taxable organization for a period of five (5) years.
6. The successful bidder shall provide the Borough with the right of prior first refusal before any proposed sale of the premises, or any part thereof.
7. The successful bidder shall be required to pay, at the time of closing of title, the cost of legal advertising of the sale of this property which is the subject of this auction plus their proportionate cost of the transcript, if applicable.
8. The successful bidder shall bear the cost of the recording of deeds and agree that deeds shall be recorded on behalf of the purchaser by the Law Department of the Borough of South River or by an attorney representing the successful bidder. The successful bidder, prior to closing of title, will not be permitted to assign his or her bid nor any right, title or interest in the property on which the bid was made.
9. The successful bidder shall close within sixty (60) days of the Municipal Council's acceptance of the bid. NO POSTPONEMENT OF CLOSING IS PERMITTED UNLESS the Borough's title is unmarketable in which event the Borough shall be allowed a

reasonable time to perfect title and to close. If the unmarketability of title relates to a valid encumbrance against the property, the Borough, after being timely notified of this defect by the purchaser, will endeavor to obtain within a reasonable time after such notification a release or discharge of such lien. If the Borough is not successful in this regard, then part of the consideration to be paid by the purchaser for the property shall be in the form of a certified check payable to the lienor for the amount to be paid for such release or discharge.

10. All conveyances shall be by deed of bargain and sale from the Borough of South River to the successful bidder, to be dated on the date of closing of title.
11. The sale price, as may result from this auction sale, may not be used before any County Board of Taxation, State Tax Court or in any other court of this State to challenge the assessment with respect to the subject property nor may same be used as a comparable sale to challenge the assessment with regard to other properties.
12. This sale is also subject to the further condition that if the State of New Jersey or any upland owner has any rights or claims to the land being sold herein by reason of a riparian interest or otherwise, any charges which are levied or are to be so levied by the State of New Jersey or upland owner for said riparian interest or otherwise are to be borne by the purchaser, in addition to the sale price bid for said property.
13. All successful bidders are required to conduct all required title searches at their expense prior to the date of closing. If the title to this property shall prove to be unmarketable, the liability of the Borough shall be limited to the repayment to the purchaser of the amount of his or her deposit and any other portion of the purchase price paid without any further cost, expense, damage or claim. Notice of any alleged defect in title or claim of unmarketability shall be given to the Borough in writing no later than ten (10) days after the date of confirmation of the sale by the governing body of the Borough of South River ; failure to give such notice shall be deemed conclusive evidence that the purchaser accepts title in its then present condition.
14. All prospective purchasers are put on notice that no employee, agent or officer of the Borough of South River has authority to waive, modify or amend any of the conditions of sale.
15. If the successful bidder was the sole or part owner of the property to be sold at the time the Borough acquired title by tax foreclosure, said bidder may not reacquire the property directly or indirectly without complying with the following conditions: The successful bidder of any

property at this auction, by making such bid, thereby agrees to pay the Borough at closing of title the difference, if any, between the total amount of taxes, plus interest and penalties due at the time of the judgment of foreclosure was entered and the amount of the successful bid.

16. It is conclusively presumed that a bidder prior to making his or her bid has done the following: (a) checked the exact location, including the correct street address and lot size of the property on the Official Tax Maps which are available at the Assessor's Office; (b) checked the zoning restrictions to ascertain the legal use of property (this information can be obtained from the Borough Zoning Office); and (c) made a personal inspection of the property prior to bidding on a piece of property. Responsibility for failure to comply with the abovementioned conditions and guidelines will be fully assumed by the purchaser.
17. A failure by the purchaser to fully comply with the terms, conditions, requirements and regulations of sale as herein contained shall be considered, at the option of the Borough of South River, as a material breach of the conditions of sale whereupon the Borough of South River may declare said contract or purchase terminated and at an end. All monies paid on behalf of the purchase price, by way of deposit or otherwise, may be retained by the Borough as its liquidated damages and it may thereafter resell said property and/or pursue such other and further legal and/or equitable remedies as it may have and the defaulting purchaser shall continue to remain liable for all damages and losses sustained by the Borough of South River by reason of any such default.
18. Any descriptions of the properties published by the Borough are intended as a general guide only and may not be accurate. **NO REPRESENTATIONS OF ANY KIND ARE MADE BY THE BOROUGH OF SOUTH RIVER AS TO THE CONDITION OF THE PROPERTY, SAID PREMISES ARE BEING SOLD IN THEIR PRESENT "AS IS" CONDITION.**
19. The sale is made subject to such state of facts as an accurate survey may disclose, existing tenancies, rights of persons in possession, easements, conditions, covenants and restrictions and any other encumbrances of title which the Borough Council may impose on any parcel at the time of the sale, including but not limited to, restrictions on the use to be made of such real property, capital improvements or personal property and any conditions of sale as to buildings or structures, or as to the type, size or other specifications of buildings or structures to be constructed thereon, or as to demolition, repair or

reconstruction of buildings or structures, and the time within such conditions shall be operative, or any other conditions of sale in like manner and to the same extent as by any other vendor. All properties are being sold "AS IS".

20. The perspective purchaser acknowledges that a permanent structure may only be built on this parcel with the obtaining of such permits as may be required, along with the approvals from the Zoning Board of Adjustment and/or Planning Board and/or Zoning Officer.
21. The sale is made subject to all applicable laws and ordinances of the State of New Jersey and the Borough of South River.
22. The Borough, its administrators and the Director of Law of the Borough of South River, are hereby authorized to enter into a contract to sell the property described on Exhibit A and to make reasonable expenditures necessary in connection with the sale.
23. The Municipal Engineer, as well as the Director of Law of the Borough of South River, are hereby authorized and directed to perform all acts necessary to sell the property on behalf of the Borough of South River; including, but not limited to, paying any nominal sums necessary to sell the above property, which sum shall be recovered from the purchase price.
24. Successful bidder(s) agree to the following conditions:
 - a. To pay prorated real estate taxes for the balance of the current year, as of the date of closing.
 - b. To abide by all appropriate zoning, subdivision, health and building regulations and codes and stipulations that this sale will not be used as grounds to support a challenge of the existing assessment of the subject property, nor shall the purchase price be used as a comparable sale to challenge assessments with regard to other properties.
 - c. That the failure to close title as agreed shall forfeit to the Borough of South River any and all money deposited with the Borough.

MEMORANDUM OF AGREEMENT

The **BOROUGH OF SOUTH RIVER, South River, New Jersey** (hereinafter called the "Borough" or "Employer") and **IBEW Local 1303** (hereinafter called the "IBEW") hereby agree to this Memorandum of Agreement dated **November 27, 2012** with respect to a successor collective bargaining agreement between the parties. This Agreement is subject to ratification of the parties. The parties agree to recommend ratification of this Agreement to their respective membership (the Borough Council and IBEW members, respectively).

The terms of the Memorandum are as follows:

(1) The term of the successor agreement shall be from January 1, 2013 to December 31, 2015.

(2) All terms of the existing contract shall remain in full force and effect, except as modified by this memorandum.

(3) The parties shall mutually create and agree upon a successor collective bargaining agreement from the terms of this memorandum. All other terms and conditions previously agreed to by the parties shall be deemed incorporated into this memorandum.

(4) Article 4, D. Step Three will be clarified that only the Union or Employer may file for arbitration.

(5) Article 14 will be clarified to eliminate probationary status and extend provisional status for 12 months for any employee hired on or after January 1, 2013.

(6) In Article 20, add a new paragraph B., which shall provide that "Employees requested for mutual aid will be paid their hourly rate set forth in this

agreement, or the hourly rate of the requesting entity, whichever is higher, for all hours worked in a mutual aid capacity.”

(7) **Article 21, D.** will be amended by changing “Director of Public Works” to “Borough Administrator.”

(8) The first sentence of **Article 22, A.** will be amended to replace “Blue Cross Blue Shield, Rider J and Major Medical Coverage” with “New Jersey State Health Benefits Plan.”

(9) The second sentence of **Article 22, A.** will be eliminated and replaced with the following: ““Effective January 1, 2013, all employees shall be required to contribute towards the cost of the premium for all health insurance provided under this article pursuant to Public Law 2011, Chapter 78, and in no instance will the contributions for all health insurance received under this Agreement be less than 1.5% of his/her salary.”

(10) In **Article 22**, a new paragraph **F.** will be added, which shall provide that “Employees currently receiving Borough-paid medical and prescription insurance, and who have proven alternative health coverage, may elect to forego participation in the Borough provided medical and prescription insurance coverage. Employees who make such an election will receive an annual lump sum payment equal to 25% of the least expensive medical plan the employee is eligible to select, up to a maximum of \$4,000, whichever is lesser.

(11) In **Article 25**, change “Council’s designee” to “Borough Administrator” in paragraphs B and C.

(12) In Article 30, Wages shall be increased across the board as follows: 2% in 2013; 2% in 2014; and 2% in 2015.

(13) In Article 31, paragraph A will be eliminated.

(14) In Article 31, add phrase that longevity shall be eliminated for any employee hired on or after January 1, 2013.

(15) Article 40, B. will be eliminated and replaced with the following:

"Employees shall be scheduled for weekly standby on a rotating basis. Standby time shall be considered to commence at 7:00 a.m. on Monday and terminate at 7:00 a.m. the following Monday. Employees scheduled for standby will be paid forty (40) hours for this service at their normal rate of pay."

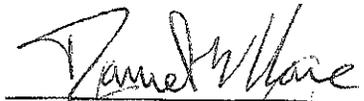

(16) Article 40, C. will be amended to reflect that the Borough may terminate the weekly standby program.

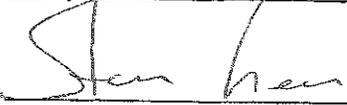

(17) Article 41 shall be amended to provide that the normal work hours of employees will be Monday through Friday 7:00 a.m. to 3:30 p.m., which time shall include one-half (1/2) hour of unpaid lunch. Employees need not punch out for lunch.

(18) Clarify in Appendix A that effective January 1, 2013, the Training Facilitator receives the stated hourly rate irrespective of whether there are apprentices.

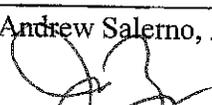

(19) Article 44 will be modified to reflect the correct dates of duration of this three (3) year contract.

IBEW LOCAL 1303

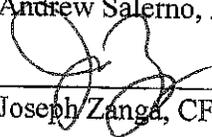

BOROUGH OF SOUTH RIVER

Andrew Salerno, Administrator

Joseph Zanga, CFO

RESOLUTION

WHEREAS, the American Cancer Society located at 2600 U.S. Highway 1, North Brunswick, New Jersey, has applied for a Special Events Permit for a Relay for Life fundraiser to be held at Denny Stadium on Saturday, May 18, 2013 from 7:00 a.m. to 11:00 p.m.; and

WHEREAS, the event has been approved by the South River Board of Education for the use of Denny Stadium.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED, by the Mayor and Borough Council of the Borough of South River that the application of the American Cancer Society for a Relay for Life fundraiser to be held on Saturday, May 18, 2013 from 7:00 a.m. to 11:00 p.m. is hereby approved contingent upon the following:

1. Proof of Liability Insurance provided to the Borough of South River.
2. Said event must follow all applicable laws and ordinances of State, County and Local Government.
3. Applicant shall comply with any and all conditions recommended by the South River Police Department.
4. Applicant shall comply with any and all conditions recommended by the South River Rescue Squad.

BE IT FURTHER RESOLVED that submission of the guarantee performance bond and filing fee are hereby waived.

RESOLUTION

WHEREAS, Senate Bill S-2364 and Assembly Bill A3553 propose to create a system of early voting in the State of New Jersey; and

WHEREAS, the goal of accommodating voters in pursuit of greater participation in the democratic process is a worthy goal; and

WHEREAS, these bills would in reality increase workloads, add more costs to the election process, and ultimately serve to confuse voters more than it would accommodate their needs; and

WHEREAS, these bills would require for each primary and general election a public facility, except a public school, located in each municipality in an area of a high concentration of population to be open and available to registered voters starting 15 days before an election for early polling, possibly conflicting with if not pushing out other important uses for these buildings, causing inconvenience to residents; and

WHEREAS, these bills require retraining of poll workers and dramatically increased hours, as well as chain of custody requirements to protect the voting process, despite the fact that recruiting and training polls workers is already a difficult process; and

WHEREAS, these bills would increase costs to municipalities, including overtime pay for workers; and

WHEREAS, although these bills allow municipalities to request reimbursement for extra costs and provide an appropriation, the appropriation does not outline a specific amount nor dedicated funding, only that which the State Treasurer and the Director of the Division of Budget and Accounting deem necessary, and they do not outline the procedure for a municipality whose reimbursement request is denied; and

WHEREAS, the opportunity for "Early Voting" already exists in the State of New Jersey through the Vote by Mail ballot process.

NOW, THEREFORE, BE IT RESOLVED that governing body of the Borough of South River in the County of Middlesex does hereby oppose S2364 and A3553; and

BE IT FURTHER RESOLVED, the governing body of the Borough of South River does hereby call upon its representatives in the State Legislature to oppose the adoption of this bill; and

BE IT FURTHER RESOLVED, that a copy of this Resolution shall be sent to the Office of the Governor, Senate President Sweeney, Senators Gill and Whelan, sponsors of S2364, Speaker Oliver, Assemblymen Wisniewski, Diegnan, Benson, Conaway, and Coughlin, sponsors of A3553, our State Senator and Assembly representatives, the County Board of Elections, and the New Jersey League of Municipalities.
