Re: Handicapped Parking Space.

Mr. Alfonso Cirelli has made application with the South River Police Department to have a permanent handicapped parking space be established in front of his residence at 45 Willet Ave.

I have inspected the area and found that the creation of the handicapped spot would not cause any traffic issues.

Mr. Cirelli has provided this agency with a copy of his "Disabled Person I.D." issued to him by the New Jersey Division of Motor Vehicles as well as a signed Physician's note outlining his disability and the need for the handicapped parking space.

I am requesting the Mayor and Council approve the following space for Mr. Cirelli.

Re: Bus Driver

Please be advised that the Board of Health sends 4 children to "Camp Donna" – BIC Camp in Sayreville through the funds raised from the Frost on the Pumpkin Race. The Camp this year begins on 6/27/2013 and ends on 7/31/2013.

I would like to recommend to you and the Mayor and Council to appoint Ernest Jacobs as the Bus Driver for Camp this year. His driver's license and bus licenses are all current and valid. Recommended salary would be \$14.00 per hour.

Thanking you in advance for your consideration and attention to this matter.

Subject: Generators at DPW

Dear Mayor and Council,

As part of the Letter of Intent, submitted to NJOEM thru Middlesex County as part of the Hazard Mitigation Planning Grant Program, the Borough did an analysis of the generator needs of our critical functions and locations.

The analysis was performed by Tom Noto and his recommendations were incorporated into the letter of intent submitted on 8 February 2013 in order to meet the application deadlines.

Tom Noto strongly felt that DPW at 9 Ivan Way needed a 1.0 Megawatt generator priced out at \$625,000. This generator will be used for the water plant, pumps, DPW building, OEM, gas pumps and maintenance garage.

We have placed the possible location of the generator in a position to best shield the public from the noise of the generator by placing it on the back side.

Estimated project costs of \$650,000 included cost for equipment, construction, and engineering. The equipment includes estimates of concrete pads/foundations, rigging, electrical connections testing and startup. Engineering includes estimates of electrical design, structural design, drawing specifications, bid documents, and construction management . Cost was listed as a lump sum for planning/grant submission purposes.

Thanks

Mrs. Nicole Sansone-Teresky, Chair-Economic Development Council
Borough of South River, New Jersey

Mr. Mayor, Honorable Members of Council, Mrs. Sansone-Teresky:

I would like to place myself, John E. Costello of 36 Garwood Street, forward for appointment as an alternate member of the Economic Development Commission. I feel that my combination of business experience in hospitality, finance, marketing and higher education along with my education would allow me to serve the citizens of South River and improve our borough's business and economic climate. As a citizen and newer resident of South River, I want to help my new town grow economically and build off of a foundation of excellence set before me by hundreds of small business people, professionals and master craftsmen who made and still make South River a great place to live.

I led operational accounting department for one of the largest grossing hospitality properties in the United States, Resorts World Casino-New York City. My responsibilities included the daily reconciliation of three separate operating systems with over \$15 million per day in cash assets and leading a team of 105 employees along with delivering superior service to 25,000 guests on a daily basis. I led teams in the regulatory approval, end user system verification, and implementation of three major systems which realized over \$4 million in yearly incremental revenue growth and significant cost savings. I also have similar experience in management and supervisory positions in The Borgata in Atlantic City, New Jersey and Empire City in Yonkers, New York. In higher education, I was an adjunct instructor of Decision Sciences at Widener University where I taught introductory classes to three sections of undergraduates. In addition, I have worked in online and web marketing for a leading business publisher. Currently, I am employed by as a contract manager working on Super Storm Sandy Relief Projects. I also hold a Masters in Business Administration with a concentration on Business Process Improvement from Widener University and I am currently working on a Masters in Accounting from American Public University.

I believe in South River and in our better common future, which will be secured by strong personal, financial and small business enterprise growth. Our town has been hit with a recession and the worst natural disaster in four generations. As a community, we are strong and committed to rebuild and to grow. The Economic Development Commission is a core driver of that growth. My wide range of experience, education and desire to help improve our borough will allow me to add value to the Economic Development Council and to make a contribution to that growth in a small way.

Thank you for your consideration.

John E. Costello
