Attn: Frederick Carr, Borough Administrator

Re: **Main Street / Downtown Streetscape Improvements**
South River, New Jersey
Our File No.: PSR00549.01

Dear Mr. Carr:

It is our understanding that the Borough would like utilize approximately \$71,000.00 of CDBG funds making some repairs to the Streetscape along Main Street in the business district. Our understanding is the work will include the resetting or replacement of settled or damaged paver blocks between the curbs and sidewalks and installing any missing trees. Work would begin at the intersection of Reid Street and would proceed southwesterly along Main Street as funds allow. We further understand the work will not include replacing any concrete sidewalks or handicaps ramps.

We respectfully submit the following Professional Engineering and Land Surveying Services cost estimates for the above referenced project.

- | | |
|-------------------------|------------|
| • Design Phase Services | \$4,800.00 |
| • Bid Phase Services | \$4,160.00 |

Should you have any questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,

Bruce M. Koch, P.E., P.P., C.M.E.

Subject: Re: Main Street Downtown Streetscape

All,

I believe we will need to remove a good number of the overgrown trees during the project.

Also, we had asked for all of the pavers to be removed, turned and replaced over a concrete base so as to preclude them settling again.

Also, we should be replacing the lighting with the proper fixtures to utilize the latest technology available for the downtown customers, residents and businesses.
