## FREE EVENT & Refreshments Provided

**SEPTAs Mission:** SEPTA was founded in early 1997 through the efforts of a handful of parents and teachers who wanted to make a difference in the lives of the Special Education and Gifted & Talented children in South River. Our goal was to promote the welfare of children of our district by providing parents the tools they need to be more effective advocates for their children.

**Mayor's Advisory Committee for Persons with Disabilities:** OUR MISSION *"The Mayor's Advisory Committee for Persons with Disabilities exists to review various forms of assistance, guidance and programs, provide information to handicapped and disabled residents and provide advisory reports to the Mayor and Council."*

### About Amy J. Smith, Esq.
