ORDINANCE 2026-13

AN ORDINANCE AMENDING § 363-5 OF THE CODE OF THE BOROUGH OF SOUTH RIVER TO ADD A FARMERS' MARKET VENDOR ANNUAL PERMIT FEE

WHEREAS, the Code of the Borough of South River presently establishes fee requirements for retail and wholesale food establishments, including a fee for a temporary retail food establishment of \$25 for a one-day permit and \$10 for each consecutive day thereafter; and

WHEREAS, the Governing Body has determined that vendors participating in duly authorized farmers' markets within the Borough should be subject to a permit structure tailored specifically to farmers' market operations, rather than the existing temporary retail food establishment fee structure; and

WHEREAS, the Governing Body desires to create a new annual permit fee specifically for farmers' market vendors so that such vendors may operate at duly authorized farmers' markets within the Borough during the calendar year under a single annual permit; and

WHEREAS, the Governing Body further finds that establishing an annual farmers' market vendor permit will create a clearer and more predictable fee structure for farmers' market participation; and

WHEREAS, the Governing Body also desires to make clear that this annual farmers' market vendor permit applies only to farmers' market vendors operating stands at a farmers' market and does not apply to food trucks;

NOW, THEREFORE, BE IT ORDAINED by the governing body of the Borough of South River, County of Middlesex, State of New Jersey, as follows:

Section 1. Amendment to Code.

Section 363-5 of the Code of the Borough of South River, titled "Fees," is hereby amended to read as follows:

- A. Retail and wholesale food establishments, permanent locale: \$100.
- B. Any retail food establishment engaged in the sale of packaged food products: \$50.
- C. Temporary retail food establishment: \$25 for a one-day permit and \$10 additional for each consecutive day thereafter.
- D. Farmers' market vendor annual permit: \$50. This annual permit shall be valid for the calendar year commencing January 1 and ending December 31 of the same year and shall entitle the permit holder to set up and operate a stand at a duly authorized farmers' market within the Borough for the entirety of that calendar year without payment of any additional daily temporary retail food establishment fee. This annual permit shall apply only to farmers' market vendors operating stands at a farmers' market and shall not apply to food trucks.
- E. Late fee of \$20 after January 31 of the current year for retail and wholesale food establishments.
- F. Late fee of \$10 after January 31 of current year for sale of packaged food products.

Section 2. Repealer.

All ordinances or parts of ordinances inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 3. Severability.

If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or invalid by a court of competent jurisdiction, such decision shall not affect the remaining portions of this Ordinance.

**Re: *Proposal for Professional Engineering Services
George Street and Washington Street One-Way Study
Borough of South River, Middlesex County, NJ
Our File No. 115.SR00584.P00***

Dear Mr. Tinitigan:

Based on recent discussions with the Borough, it is our understanding that consideration is being given to converting George Street from Wilcox Avenue to Reid Street from a two-way roadway to a one-way roadway and converting Washington Street from Obert Street to Ferry Street from a one-way westbound roadway to a one-way eastbound roadway. A Municipality may, without the approval of the Commissioner of the NJDOT, establish by Ordinance provisions of New Jersey Statutes, Title 39-Chapter 4 – Traffic Regulation. This includes provisions of R.S.39:4-197, which includes designation of one-way traffic streets. However, Title 39 indicates that the Municipal Engineer must first certify under a Professional Engineer seal that any designation or erection of signs has been approved by the Engineer after investigation of the circumstances, and conforms to the current standards prescribed by the Manual on Uniform Traffic Control Devices (MUTCD). It further states that not only must it be consistent with the MUTCD, it must also be based on the results of an accurate traffic and engineering survey.

It is the intent of this analysis to evaluate the existing field conditions, in conjunction with the MUTCD in order to evaluate the viability of implementing these changes at these locations. We anticipate that performing the following tasks will be included in the George Street and Washington Street Traffic Analysis:

- Perform site visit and inventory existing conditions including roadway widths, on-street parking, access requirements, signing, striping, traffic operations, adjacent land uses, etc.
- Collect and Evaluate AM and PM Peak Hour Vehicular, Truck, Bicycle and Pedestrian Traffic Volume Data through Manual Turning Movement Counts at the following Unsignalized Intersections:
 - George Street and Wilcox Avenue
 - George Street and Thomas Street

- George Street and Reid Street
- Washington Street and Obert Street
- Washington Street and Ferry Street
- Evaluate operational characteristics of the intersections and adjacent roadways
- Alternate routes will be evaluated with respect to motorists displaced by the proposed operations and potential impacts to adjacent roadways and municipalities will be evaluated
- Prepare a Summary Report including recommendations.
- Prepare an Engineer's Certification, if modifications are warranted

Upon completion of our evaluation in accordance with MUTCD and NJAC Title 39, considering all of the factors outlined above, Artheon will provide an engineer's certification with the submission should the findings of the study conclude that the proposed modifications are feasible and in the best interest of the public.

Based upon the above outlined Scope of Services, the preparation of the George Street and Washington Street One Way Traffic Analysis can be provided on an hourly basis for a cost not to exceed **\$14,999.00.**

Should this fee estimate meet your approval, please provide our office with a professional services agreement or resolution as an indication of the work to proceed. In the meantime, should you have any questions concerning this matter, please do not hesitate to contact this office.

Very truly yours,
Artheon

Municipal Aid Program
South River, New Jersey
Our File No.: PSR00012.40**

Dear Mr. Tinitigan:

As you are aware, the NJDOT is accepting applications for Local Aid programs including Municipal Aid for Fiscal Year 2027. Applications are to be completed and submitted through PMRS and SAGE, the NJDOT on-line grant application websites, by July 1, 2026. There is a limit of three (3) roads that can be submitted for the Municipal Aid Application. Kindly advise me of which road(s) you would like to submit funding requests for.

Please note the program also includes Transit Village, Bikeways and Safe Streets to Transit programs, should the Borough have any interest in applying for any of these. Previous discussion with the Borough indicate that the Borough would be interested in submitting an application for the Bikeway Grant for the path between Grekoski Park to Anne Street Park.

We can prepare the necessary applications for the Municipal Aid Grant and Bikeway Grant for a cost not to exceed \$4,950.00.

Should you have any questions or if would like to meet to discuss the grant applications, please do not hesitate to contact me.

Very truly yours,

**Re: *Improvements to Cleveland Avenue, Prentice Avenue & Tice Avenue
South River, New Jersey
Our File No.: PSR00661-01***

Dear Mayor and Borough Council:

On Thursday, April 30, 2026, bids were received at the South River Municipal Building for the above referenced project. As indicated on the attached bid tabulation sheet, seven (7) bids were received.

The apparent low bid was submitted by Fernandes Construction, Inc. of Monroe, New Jersey, with a base bid of \$616,561.79. Our office has worked with Fernandes Construction, Inc. in the past with satisfactory results.

We have included one (1) deletion items within this contract. The Deletion Item would eliminate portions of the work on Tice Avenue. It is my understanding the Borough intends to award the contract for the full amount and not utilize any of the Deletion Items.

We have reviewed the bid submitted and found a few minor irregularities. We recommend the Borough authorize the Borough Attorney to review the bids as well.

As you are aware, the New Jersey Department of Transportation awarded the Borough a Municipal Aid Grant in the amount of \$506,913.00 for the above referenced project. Therefore, we recommend the Resolution include a condition that the award is subject to the approval of the New Jersey Department of Transportation.

Subject to the concurrence of the Borough Attorney, and the availability of sufficient funds, it is recommended that the contract be awarded to Fernandes Construction, Inc. in the amount of \$616,516.79.

We have forwarded a copy of the original bid to the Borough Attorney's office for review and comment prior to the award.

Should you have any questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,
